Subject: Re: GNETS visit: Cobb County (HAVEN Academy)

Doug,

Please let your contact in Cobb County know that I must insist on you making that visit. She can give me a call if she has any questions.

Mike,

I spoke to the director of the program in Cobb County (2X) about a visit, she stated they were in good shape and did not need any additional improvements and would not be making an application for funding.

I did not schedule a site visit for this location...just wanted to confirm with you this is okay. I have written documentation (email) from the director with this statement confirmed.

Thanks,

Doug Suits
